Project Report Template

1. INTRODUCTION

1.1 Overview

➢ Tableau is a powerful data visualization
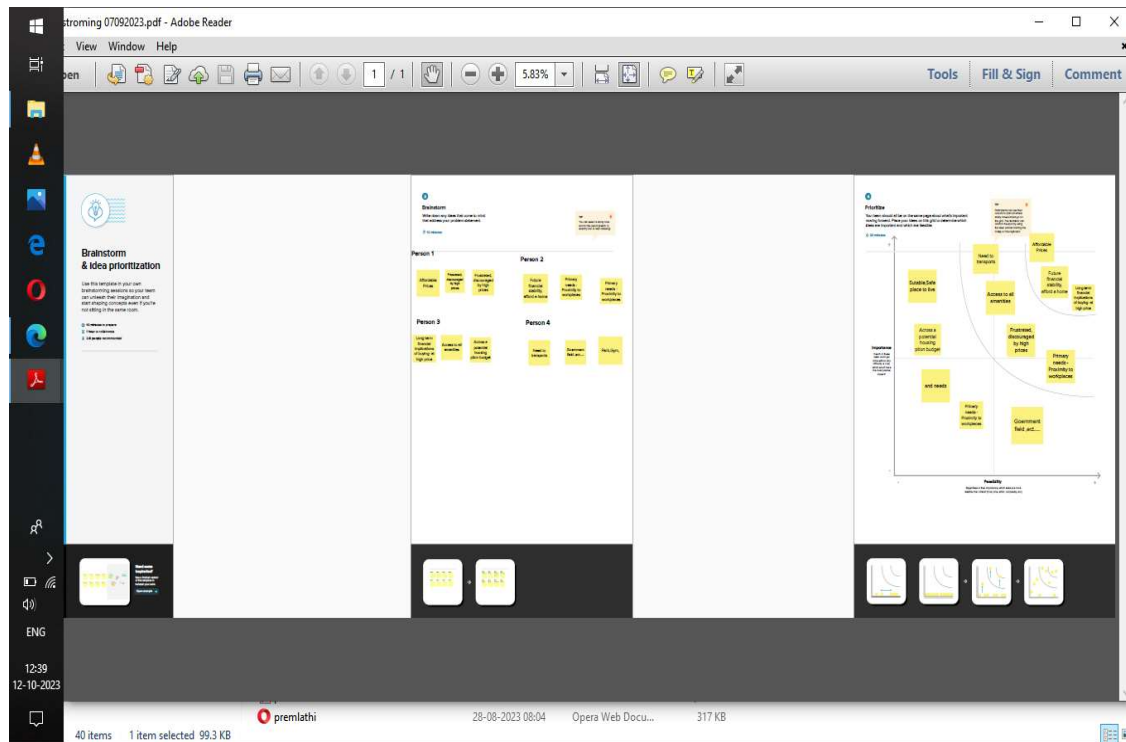

1.2 Pupose

➢ To analyse large group of data.
➢ To connect various data source to visualization.

PROBLEM DEFINION & DESIGN THINKING

2.1 Empathy Map

2.1 Ideation & Brainstroming Map

3. RESULT

➢ Final findings (Output) of the project aong with screenshot.

4. ADVANTAGE

➢ Investment decisions
➢ Market trends
➢ Location assessment
➢ Price negotiation
➢ Economic indicators

5. DISADVANTADE

➢ Important of housing market
➢ Crash effects on economy
➢ Price affect consumption

6.CONCLUSION

➢ Summarize the project's objectives and scope
➢ Compare the estimate to the budget
➢ Cost saving (or) optimization

7.FUTURE SCOPE

- Data Analytics
- Expense optimization
- Refinement of House Prices
